

DECEMBER 2009

# WELCOME

to our Renaissance Christmas Newsletter, our newsletter is to inform readers of the latest news on the village, photos, testimonials from new residents, coming events at the village and latest updates on Villas for sale.

## NEW RESIDENT COMMENTS

I moved into the Village of Renaissance in November 2007. My husband and I settled into our new home very quickly and enjoyed the place from the start. After a short time, tragically, my husband passed away.

My family were apprehensive when we told them we were moving into a retirement village and were not sure we were doing the right thing. Since they have seen the lifestyle that I am having, they feel now that it was the best thing I could have ever done as there are times they find it necessary to 'book an appointment' to see me! I have tried to involve myself in quite a few of the activities that are on offer and have found many new friends in doing so. I have also learnt quite a few new skills that I did not have before coming to the Village. I love going on the trips that are organised and being taken on the Village bus to a number of shopping centres that I have not visited before.

It is a good feeling too that residents are keeping an eye on their neighbours to see that all is well. In days gone by we would have called it being nosy but now it is the feeling of security that someone would be aware if you are not well.

I know it is laughed at when you tell people you are so busy now that you are retired but, in the Village here there are so many things offered to keep you healthy and happy and you are able to participate in as much or as little as you desire. The get togethers on a Friday evening for take away meals and the sessions of Tai Chi and Aqua Aerobics are so much fun that you wonder what you ever did before you came to live in such a lovely Village.

The staff in the Village are so very considerate and are really lovely people - nothing seems to be too much trouble for them.
